SKILLS

Languages, Frameworks, & Libraries: HTML5, CSS3/SCSS, JavaScript(ES6), React, Bootstrap, Axios, jQuery, Express

Tools, Technologies, & UI Design: Git, Github, VS Code, API, Netlify, NPM, Storybook, JEST, Figma

PROJECTS

Interview Scheduler
Lighthouse Labs
· Interview Scheduler is a single-page app that allows users to book interviews. It makes requests to an API with Axios to fetch and store appointment data from a database.
· Built with React.js, Axios, SCSS and tested using Storybook, Jest, and Cypress

Resource Wall
Lighthouse Labs
· A full-stack app built in a team setting for the Lighthouse Labs midterm project. This app allow learners to save learning resources like tutorials, blogs and videos in a central place that is publicly available to any user.
· Built with HTML, SCSS, Javascript, jQuery, Bootstrap, Express, and Figma

Weather App
· A React application that showcases an interactive and functional search engine that provides accurate weather conditions and forecast using React Hooks and the OpenWeatherMap API.
· Built with HTML, CSS, React.js, Axios, Bootstrap, and Figma

Personal Portfolio
· A fully responsive multi-page website designed with Figma and built using HTML, CSS and Bootstrap. This site is accessible on desktop and mobile viewports.
